PRICE THREE CENTS

GOOD LUCK.

A Wabash Granger Falls Heir to a Quarter of a Million in Gold.

WABASH, Nov. 16.—Samuel Grube, a farmer of this county, has recently received word that a fortune estimated at \$250,000 awaits his order in Switzerland. Mr. Grube's grandfather emigrated to America from Switzerland in 1732 leaving two bachelor brothers, who in time died without heirs, leaving large estates, which, under the Swiss law, was taken possession of by the government. Ninety years elapsed since the Grube property was taken in charge. A neighbor of Grube here, who takes a Swiss paper, saw the final advertisement of the government for heirs, and at once informed Samuel. An attorney was employed, who sailed from New York yesterday armed with full proofs. Mr. Grube is eighty-three years old and in moderate circumstances.

Sad Ending of a Young Life.

BUTLER, Ind., Nov. 16.—One of the saddest funerals ever witnessed here was that of little Freddie Hanes, son of Mr. Charles Hanes, which took place at the Methodist church in this city yesterday. Three days before, this bright boy of eleven years, the babe of the family, was in perfect health, but while walking on the railing of an iron fence on the school grounds, he slipped and fell, striking the iron railing so as to rupture the intestines, thus fatally injuring himself. No eye at this funeral but was moist with tears; no heart but sorrowed for the stricken parents and family, and no voice but expressed sentiments of love for the darling boy, whose seat at school, at the Sabbath school and at the family table is to be forever vacant.

A WRECK.

Nine Cars of Valuable Freight in a Bad Mess.

LANCASTER, Pa., Nov. 16.—A heavy west bound freight train on the Pennsylvania railroad was wrecked west of Mountville by the breaking of an axle. Nine cars loaded with high class goods were telescoped and completely demolished. Both of the tracks were blocked for over four hours. Nobody hurt.

Two Towns Burned.

EVERETT, Dak., Nov. 16.—The business portion of this village burned yesterday. Loss, \$22,000.

RALEIGH, N. C., Nov. 16.—Fire started at Durham this morning in a grocery store near Atwater street and destroyed the business portion of the town. Loss, \$500,000.

Sabbath Breakers Arrested.

LACROSSE, Wis., Nov. 16.—Ninety-nine persons were arrested yesterday for violating the Sunday law.

AT LAST.

Russia Nominates Prince Nicholas for the Bulgarian Throne.

LONDON, Nov. 16.—Russia has designated Prince Nicholas, of Mingrelia, as her candidate for the throne of Bulgaria. The other powers have unanimously approved him as the successor of Prince Alexander, and have invited Russia to now propose a satisfactory solution of the conflict with the Bulgarian regency.

All Right.

MILWAUKEE, Wis., Nov. 16.—A special to the *Evening Wisconsin* says: "The crew of the schooner 'Isphening' arrived at Menominee, this morning, bound for Chicago by rail."

Hon. Frank Hurd.

TOLEDO, O., Nov. 16.—Frank Hurd publishes a card to the people of this district, saying that he will resume the practice of law here, and that tariff reform will be agitated hereafter more vigorously than ever. He says that during the winter addresses will be delivered by Messrs. Carlisle, Morrison, Professor Sumner, Henry Ward Beecher, Henry George, and others, and a weekly journal will be started here as a national organ of tariff reform.

Another Elopement.

WABASH, Ind., Nov. 16.—North Manchester, this county, is badly torn up over the sensational elopement of two prominent young society people, Albert Williams and Lillie Messmore. The couple had conceived a violent attachment for each other, which did not meet the approval of their respective parents, and clandestine meetings were resorted to. Finally the paternal watchfulness

became too vigilant for the comfort of the pair and they determined to elope. They journeyed to that Mecca of lovers, Niles, Mich., and were made one. On Saturday, Mr. and Mrs. Williams returned and were freely forgiven by their relatives.

CHICAGO.

The News and Doings at the Western Metropolis.

CHICAGO, Nov. 16.—The militia at all the yards were withdrawn from the outposts and are now in the barracks. Gen. FitzSimmons has recommended that the soldiers be withdrawn to-morrow.

Yesterday a squad of fifty new employees asked to be paid and escorted to the train, as they felt in danger from the Knights of Labor. Ten packers bought hogs, and an advance of ten cents per hundred pounds was reported. Prime cattle sold at \$5.50, but common lots were weak.

Last night, Charles Fife, while on his way to his house in Warren avenue, was assaulted and beaten into insensibility. He was taken home and remained unconscious until his death occurred. No one has yet been found who saw the attack.

The National league committee decided that a "fair ball" ranging from the knee to the shoulder would be the only call on the diamond next year.

Mayor Harrison put before the Chicago council last evening a proposition by the Pittsburgh and Fort Wayne railway officials to give the right to erect a double track bridge at Jackson street in return for the privileges of laying two additional tracks on Stewart avenue, south of Twenty-third street, which the company offers to widen thirty-three feet on the east side.

FOR \$200,000.

A Cleveland Firm Goes Under for That Amount.

CLEVELAND, Ohio, Nov. 16.—Cohn, Samplier & Co., one of the largest gent's furnishing goods manufacturers in this city, and who have been in business here for the past twenty-five years, made an assignment to-day to Emil Joseph Bond for \$100,000. Assets, \$175,000; liabilities, \$200,000.

DE GROFF NELSON.

The Gallant Sheriff Inaugurates His Second Term This Morning.

Mr. De Groff Nelson, last evening, filed his bond for \$5,000 as sheriff of Allen county, and to-day began his second term or third year in that important official capacity. Few men can look back over two years of public service in a trying position and realize that they enjoy the almost universal applause that Mr. Nelson does. He has been diligent, watchful and ever ready to serve the people, whose trust he has never betrayed.

The court and criminal dockets accorded him with clever detective work and important arrests enough to have made him a terror to evil doers. The county has been fortunate under him, and crime has diminished to a degree highly complimentary to the popular and gallant officer.

In a business way he has been equally as agreeable and successful, and *THE SENTINEL* wants to congratulate him on having Mr. Platt J. Wise as his chief and office deputy. Mr. Wise is master of all he surveys. He is a fine accountant, understands the laws, is honorable and reliable, with a knowledge of the legal and business status of the office that makes him an invaluable public servant, whom no one appreciates better than Mr. Nelson.

In his working force, Mr. Nelson is also happily surrounded. Ed Clausmeyer, John P. Hanco, Mr. Schrader and Mr. Black are true to every duty and as clean and square as their chief. It is a pleasure to compliment Mr. Nelson and the excellent gentlemen who surround him.

Struck With a Hammer.

WABASH, Nov. 16.—Charles Gift, a shoemaker of Peru, became involved in a racket with Grant Keener, a cigar-maker of the same place, and after a few words Gift struck Keener several heavy blows with a shoe hammer, inflicting serious wounds and rendering him unconscious. Gift was promptly arrested and is now in jail.

It is a work of rare merit and should be in every family. Send \$1.50 to H. M. Paynter, Jr., 117 South Hoyne avenue, Chicago and receive a copy.

A party conversant with the affairs of the Indianapolis, Peru and Chicago road, in answer to the question, "Was the purchase of the Indianapolis, Peru and Chicago road, on Saturday, in the interest of the Wabash?" said: "No, sir; it is anti-Wabash. The road will be operated as an independent line, unless some party should come forward and pay what the road as an entirety is worth."

There is almost a coal famine with the railroads here. The Pittsburg company has seen its supply go down to dust, and is turning out eighteen new cars a day in its efforts to supply carrying capacity from the Pennsylvania coal mines.

Mr. George McKinnie will next spring assume the management of a fine hotel near New York City. Captain McKinnie has just leased the house which has 500 rooms and will give exclusive control to his son who is regarded as one of the best young hotel men in the country.

Sam Hyndman yesterday lost his famous Clydesdale stallion and the horse is being rendered into soap. The animal was imported and was worth every cent of \$2,500. He was regarded as one of the finest Clydesdales in the country, and it was hinted he was poisoned.

Mrs. Cramer, Mary Cramer, Lizzie Cramer and Rosa Cramer were arraigned before Mayor Muhler this morning on a charge of assault on Anna Mary Carmedy. Cornelius Carmedy filed the information and it seems to be a neighborhood quarrel in which youngsters began the spat. Each side had attorneys and the women glared and sneered at each other.

Manager Dolan, of the Logansport opera house, wants the "Prince Karl" Opera company very much, because they failed to play at his house Saturday night as booked. The company played at Lima, Ohio, Friday night, and missed connections with the Wabash at Fort Wayne. They went right through to Chicago and briefly canceled their Logansport date. The advance sale of seats was the largest the opera house board had shown this season. There were between 200 and 250 seats checked off. Manager Dolan had gone to considerable expense and of course was considerably riled over the matter. It was reported that the troupe would pass through that city for Chicago on the morning Pan Handle train and Mr. Dolan had Marshal Owston and several constables at the train ready to pounce upon them and gobble them in.

The Jury Disagreed.

DECATUR, Nov. 16.—The jury in the case of William Hill, for stealing \$65 out of a coat pocket of William Mo-Barnes at Pleasant Mills, in this county some time ago, disagreed after being out thirty-six hours, and was discharged by the court. The defense set up the plea of insanity, but part of the jury thought it was feigned, hence disagreement.

Maurice Thompson, state geologist, is confined to his home at Crawfordville with rheumatism. State Auditor Rice is still under treatment for the same malady at Chicago.

WONDERFUL!

The Success of the Muncie Gas Well—Its Roaring Can be Heard for Almost Half a Mile.

The gas well at Muncie adjoining the city water works was shot yesterday at 4 o'clock, the result being far more than was expected. Immediately after the explosion the air for almost 100 feet high was filled with oil and debris, and a supply of gas that will certainly make Muncie famous for that product. A roaring and whistling sound is now audible from the escaping gas which has more than doubled its supply by the work of the nitro-glycerine. The experiment of lighting the flame proved very dangerous, although the end of the pipe reaches six feet above the derrick, it was with difficulty extinguished without burning the derrick.

The success has been so great that boring will be immediately begun by the J. H. Smith & Co. bent wood works, and also by Boyce & Co., in the center of the town. The local gas company has been negotiating with the owners of the present wells for the use of their gas through the city. It will be but a short time before it will be in general use.

INDIANA.

The United States Grand Jury Investigating the Alleged Frauds in the Indiana Election.

INDIANAPOLIS, Nov. 16.—The federal grand jury began an investigation into the alleged election frauds and irregularities here yesterday. Counselman and Lorenz Schmidt are among the witnesses from Marion county. They are the inspectors from the Fourth and Twenty-fourth wards, the returns from which have been tampered with. These returns are in possession of the federal court, and will be used in evidence. The committee of one hundred will aid the district attorney in the prosecution, and will employ an attorney for that purpose.

Witnesses from De Kalb county have been summoned. It is charged that the republican candidate for the legislature from this county is ineligible, by reason of the violation of the bribery election law. J. D. Lightly is the representative elect. Democrats have also been instrumental in having witnesses summoned from Jackson and Lawrence counties, where, it is alleged, W. N. McDonald, the republican senator elect, went to the polls with a bag of silver for use in the election. The republicans have had witnesses summoned from St. Joseph county to prove illegal voting on the part of the democrats. The latter say the charges are mere pretext and amount to nothing.

Inquiries are made as to what has become of \$13,000 sent here for use by the republican county committee. Some, it is explained, was used to defeat Bynum and elect Harris, a pronounced high protective tariffite. As Bynum triumphed and the democrats elected the entire county ticket, it is charged that most of the money was stolen.

St. Louis, Nov. 16.—D. S. Fotheringham, Adams express messenger, was arraigned in the criminal court this morning charged with grand larceny and receiving stolen property. He pleaded not guilty and was remanded to jail.

Judge Chapin's majority was fifty-seven on the face of the returns, but Judge Hench alleges a mistake in the count in nine precincts sufficient to overcome it.

"Convicts," said Sheriff Nelson, "have a great scheme for concealing the fact of their imprisonment from friends, by having letters addressed to them in care of 'James Murdoch,' Michigan City, omitting the word warden or northern prison. A mother this week wrote from Atlanta, Ga., to the warden, asking if her son had left his employ. Of course, she had to be told his real condition."

Returning on No. 41 at 1:15 p. m., going back on No. 36 at 1:26, returning to Fort Wayne at 8:17 p. m., serving breakfast on morning train, dinner on noon trains, and supper on evening train. This service is in addition to the dining car running west at 5:10 a. m. and returning at 9:40 p. m.

The arguments in the Wabash case were finished late Saturday, at Chicago. Judge Gresham explicitly stated that he was dissatisfied with the conduct of the purchasing committee, and that he would appoint a separate receiver unless that four million dollars was paid into court. The owners of the bonds of the Chicago division also plainly had his sympathy, as they showed the utmost unfairness if not dishonest intention of the receiver towards their rights.

"The delicate-hued chrysanthemum is the fashionable flower of the day," said Willis Markey, the Jefferson street florist. "It was a decided feature of the ladies' luncheon the past week. Chrysanthemums formed the decorations for the tables, and the charming creatures wore them as corsage bouquets. A great vase of the 'artemesias' on the flower table looked like so much delicate pink fringe thrown into a bunch. The white variety is quite in vogue for weddings, and at a recent one in New York, where the maids carried bunches of chrysanthemums, they are described as resembling a group of Dresden china ornaments, in their dresses of white-watered silk and mull and short frills of tulle."

A Final Decision.

E. B. Kunkle, of the Fort Wayne Safety Valve works, received from his eminent counsel, Mr. J. H. Raymond, of Chicago, the following telegram today:

The United States supreme court decided in our favor on the ground that there is no infringement. Justice Blatoloff delivering the opinion, concludes the Kunkle valves have no huddling chamber and no restricted orifice leading from a huddling chamber to the open air. Are of the opinion that they do not infringe either of the Richardson patents of 1866 or 1869.

[Signed.] J. H. RAYMOND.
The Consolidated Safety Valve company of Boston, the complainants in this case, were beaten twice in the district courts. First before Judge Blodgett in the northern district of Illinois, and again before Judge Woods in the northern district of Indiana. They finally carried the case up to the United States supreme court at Washington, which ended in a final victory for Mr. Kunkle.

GOOD LUCK.

A Wabash Granger Pulls Hair to a Quarter of a Million in Gold.

WABASH, Nov. 16.—Samuel Grube, a farmer of this county, has recently received word that a fortune estimated at \$250,000 awaits his order in Switzerland. Mr. Grube's grandfather emigrated to America from Switzerland in 1732 leaving two bachelor brothers, who in time died without heirs, leaving large estates, which, under the Swiss law, was taken possession of by the government. Ninety years elapsed since the Grube property was taken in charge. A neighbor of Grube here, who takes a Swiss paper, saw the final advertisement of the government for heirs, and at once informed Samuel. An attorney was employed, who sailed from New York yesterday armed with full powers. Mr. Grube is eighty-three years old and in moderate circumstances.

Sad Ending of a Young Life.

BURTON, Ind., Nov. 15.—One of the saddest funerals ever witnessed here was that of little Freddie Hanes, son of Mr. Charles Hanes, which took place at the Methodist church in this city yesterday. Three days before, this bright boy of eleven years, the babe of the family, was in perfect health, but while walking on the railing of an iron fence on the school grounds, he slipped and fell, striking the iron railing so as to rupture the intestines, thus fatally injuring himself. No one at this funeral but was moist with tears; no heart but sorrowed for the stricken parents and family, and no voice but expressed sentiments of love for the darling boy, whose seat at school, at the Sabbath school and at the family table is to be forever vacant.

A WRECK.

Five Cars of Valuable Freight in a Bad Mess.

LANCASTER, Pa., Nov. 16.—A heavy west bound freight train on the Pennsylvania railroad was wrecked west of Mountville by the breaking of an axle. Nine cars loaded with high class goods were telescoped and completely demolished. Both of the tracks were blocked for over four hours. Nobody hurt.

Two Towns Burned.

EVERETT, Ok., Nov. 16.—The business portion of this village burned yesterday. Loss, \$24,000.

RATON, N. C., Nov. 16.—Fire started at Durham this morning in a grocery store near Alwater street and destroyed the business portion of the town. Loss, \$500,000.

Sabbath Breakers Arrested.

LAGANOS, Wis., Nov. 16.—Ninety-nine persons were arrested yesterday for violating the Sunday law.

AT LAST.

Russia Nominates Prince Nicholas for the Bulgarian Throne.

LONDON, Nov. 16.—Russia has designated Prince Nicholas, of Mingrelia, as her candidate for the throne of Bulgaria. The other powers have unanimously approved him as the successor of Prince Alexander, and have invited Russia to now propose a satisfactory solution of the conflict with the Bulgarian regency.

All Right.

MILWAUKEE, Wis., Nov. 16.—A special to the Evening Wisconsin says: "The crew of the schooner 'Apheus' arrived at Monomies, this morning, bound for Chicago by rail."

Hon. Frank Hurd.

TOLDO, O., Nov. 16.—Frank Hurd publishes a card to the people of this district, saying that he will resume the practice of law here, and that tariff reform will be agitated hereafter more vigorously than ever. He says that during the winter addresses will be delivered by Messrs. Carlisle, Morrison, Professor Sumner, Henry Ward Beecher, Henry George, and others, and a weekly journal will be started here as a national organ of tariff reform.

Another Elongement.

WABASH, Ind., Nov. 16.—North Manchester, this county, is badly torn up over the sensational elopement of two prominent young men, Albert Williams and Lillian Mesmore. The couple had conceived a violent attachment for each other, which did not meet the approval of their respective parents, and clandestine meetings were resorted to. Finally the paternal watchfulness

became too vigilant for the comfort of the pair and they determined to elope. They journeyed to that Mecca of lovers, Niles, Mich., and were made one. On Saturday, Mr. and Mrs. Williams returned and were freely forgiven by their relatives.

CHICAGO.

The News and Delegs at the Western Metropolis.

CHICAGO, Nov. 16.—The militia at all the yards were withdrawn from the outposts and are now in the barracks. Gen. Fitzsimmons has recommended that the soldiers be withdrawn to-morrow.

Yesterday a squad of fifty new employees asked to be paid and escorted to the train, as they felt in danger from the Knights of Labor. Ten packages bought (hogs, and an advance of ten cents per hundred pounds was reported. Prime cattle sold at \$5.50, but common lots were weak.

The National league committee decided that a "fair ball" ranging from the knee to the shoulder would be the only call on the diamond next year.

Mayor Harrison put before the Chicago council last evening a proposition by the Pittsburg and Fort Wayne railway officials to give the right to erect a double track bridge at Jackson street in return for the privileges of laying two additional tracks on Stewart avenue, south of Twenty-third street, which the company offers to widen thirty-three feet on the east side.

FOR \$200,000.

A Cleveland Firm Goes Under for That Amount.

CLEVELAND, Ohio, Nov. 16.—Chas. Sampson & Co., one of the largest goods furnishing goods manufacturers in this city, and who have been in business here for the past twenty-five years, made an assignment to-day to Emil Joseph Roud for \$200,000. Assets, \$178,000; liabilities, \$200,000.

DE GROFF NELSON.

The Gallant Sheriff Inaugurates His Second Term This Morning.

Mr. De Groff Nelson, last evening, filed his bond for \$5,000 as sheriff of Allen county, and to-day began his second term or third year in that important official capacity. Few men can look back over two years of public service in a trying position and realize that they enjoy the almost universal applause that Mr. Nelson does. He has been diligent, watchful and ever ready to serve the people, whose trust he has never betrayed.

The court and criminal dockets accorded him with clever detective work and important arrests enough to have made him a terror to evil doers. The county has been fortunate under him, and crime has diminished to a degree highly complimentary to the popular and gallant official.

In a business way he has been equally as aggressive and successful, and Tim Satterthwaite wants to congratulate him on having Mr. Platt J. Wise as his chief and office deputy. Mr. Wise is master of all he surveys. He is a fine accountant, understands the law, is honorable and reliable, with a knowledge of the legal and business status of the office that makes him an invaluable public servant, whom no one appreciates better than Mr. Nelson.

In his working force, Mr. Nelson is also happily surrounded. Ed Claussmeyer, John P. Hancock, Mr. Schrader and Mr. Black are true to every duty and as clear and square as their chief. It is a pleasure to compliment Mr. Nelson and the excellent gentlemen who surround him.

Struck With a Hammer.

WABASH, Nov. 16.—Charles Gift, a shoemaker of Peru, became involved in a racket with Grant Keener, a nigger-monger of the same place, and after a few words Gift struck Keener several heavy blows with a shoe hammer, inflicting serious wounds and rendering him unconscious. Gift was promptly arrested and is now in jail.

The road will be operated as an independent line, unless some party should come forward and pay what the road as an entirety is worth."

Sam Hyndman yesterday lost his famous Clydesdale stallion and the horse in being rounded into a trap. The animal was imported and was worth every cent of \$3,500. He was regarded as one of the finest Clydesdales in the country, and it was hinted he was poisoned.

Mrs. Cramer, Mary Cramer, Lizzie Cramer and Rosa Cramer were arraigned before Mayor Mueller this morning on a charge of assault on Anna Mary Carmady. Cornelius Carmady filed the information and it seems to be a neighborhood quarrel in which youngsters began the spat. Each side had attorneys and the women glared and sneered at each other.

Manager Dolan, of the Logansport opera house, wants the "Prince Earl" Opera company very much, because they failed to play at his house Saturday night as booked. The company played at Lima, Ohio, Friday night, and missed connections with the Wabash at Fort Wayne. They went right through to Chicago and briefly canceled their Logansport date. The advance sale of seats was the largest the opera house board had shown this season. There were between 200 and 250 seats checked off. Manager Dolan had gone to considerable expense and of course was considerably riled over the matter. It was reported that the troupe would pass through that city for Chicago on the morning train and Mr. Dolan had Marshal Weston and several constables at the train ready to pounce upon them and gobble them in.

The Jury Disagreed.

DECATUR, Nov. 16.—The jury in the case of William Hill, for stealing \$85 out of a coat pocket of William McBurney at Pleasant Mills, in this county some time ago, disagreed after being out thirty-six hours, and was discharged by the court. The defense set up the plea of insanity, but part of the jury thought it was forgery, hence disagreement.

Manrice Thompson, state geologist, is confined to his home at Crawfordsville with rheumatism. State Auditor Rhea will under treatment for the same malady at Chicago.

WONDERFUL!

The Success of the Muncie Gas Well—Its Roaring Can be Heard for Almost Half a Mile.

The gas well at Muncie adjoining the city water works was shot yesterday at 4 o'clock, the result being far more than was expected. Immediately after the explosion the air for almost 100 feet high was filled with oil and debris, and a supply of gas that will certainly make Muncie famous for that product. A roaring and whistling sound is now audible from the escaping gas which has more than doubled its supply by the work of the nitro-glycerine. The experiment of lighting the issue proved very dangerous, although the end of the pipe reaches six feet above the derrick, it was with difficulty extinguished without burning the derrick.

The success has been so great that boring will be immediately begun by the J. H. Smith & Co. bent wood works, and also by Boyce & Co., in the center of the town. The local gas company has been negotiating with the owners of the present wells for the use of their gas through the city. It will be but a short time before it will be in general use.

INDIANA.

The United States Grand Jury Investigating the Alleged Frauds in the Indiana Election.

INDIANAPOLIS, Nov. 16.—The federal grand jury began an investigation into the alleged election frauds and irregularities here yesterday. Counselman and Lorenz Schmidt are among the witnesses from Marion county. They are the inspectors from the Fourth and Twenty-fourth wards, the returns from which have been tampered with. These returns are in possession of the federal court, and will be used in evidence. The committee of one hundred will aid the district attorney in the prosecution, and will employ an attorney for that purpose.

Witnesses from De Kalb county have been summoned. It is charged that the republican candidate for the legislature from this county is ineligible, by reason of the violation of the bribery election law. J. D. Lightly is the representative elect. Democrats have also been instrumental in having witnesses summoned from Jackson and Lawrence counties, where, it is alleged, W. N. McDonald, the republican senator elect, went to the polls with a bag of silver for use in the election. The republicans have had witnesses summoned from St. Joseph county to prove illegal voting on the part of the democrats. The latter say the charges are mere pretexts and amount to nothing.

Inquiries are made as to what has become of \$12,000 sent here for use by the republican county committee. Some, it is explained, was used to defeat Brum and elect Harris, a pronounced high protective tariffist. As Brum triumphed and the democrats elected the entire county ticket, it is charged that most of the money was stolen.

Judge Chapin's majority was fifty-seven on the face of the returns, but Judge Hench alleges a mistake in the count in nine precincts sufficient to overcome it.

"Convicts," said Sheriff Nelson, "have a great scheme for concealing the fact of their imprisonment from friends, by having letters addressed to them in care of 'James Muddock,' Michigan City; omitting the word warden or northern prison. A mother this week wrote from Atlanta, Ga., to the warden, asking if her son had left his employ. Of course, she had to be told his real condition."

This service is in addition to the dining car running west at 5:10 a. m. and returning at 9:40 p. m.

The arguments in the Wabash case were finished late Saturday, at Chicago. Judge Graham explicitly stated that he was dissatisfied with the conduct of the purchasing committee, and that he would appoint a separate receiver unless that four million dollars was paid into court. The owners of the bonds of the Chicago division also plainly had his sympathy, as they showed the utmost unfairness if not dishonest intention of the receiver towards their rights.

"The delicate-hued chrysanthemum is the fashionable flower of the day," said Willis Markey, the Jefferson street florist. "It was a decided feature of the ladies' luncheon the past week. Chrysanthemums formed the decorations for the tables, and the charming crochets were them as courage bonquets. A great vase of the 'artichokes' on the flower table looked like so much delicate pink fringe thrown into a bunch. The white variety is quite in vogue for wedding, and at a recent one in New York, where the maids carried bunches of chrysanthemums, they are described as resembling a group of Dresden china ornaments, in their dresses of white-watered silk and mull and short frills of tulle."

A Final Decision.

E. B. Kunkle, of the Fort Wayne Safety Valve works, received from his eminent counsel, Mr. J. H. Raymond, of Chicago, the following telegram today:

"The United States supreme court decided in our favor on the ground that there is no infringement. Justice Blatchford delivering the opinion, concludes the Kunkle valves have no leading chamber and are self-acting valves leading from a huddling chamber to the open air. Are of the opinion that they do not infringe either of the Richardson patents of 1836 or 1839."

[Signed.] J. H. Raymond.

The Consolidated Safety Valve company of Boston, the complainants in this case, were beaten twice in the district courts. First before Judge Blodgett in the northern district of Illinois, and again before Judge Woods in the northern district of Indiana. They finally carried the case up to the United States supreme court at Washington, which ended in a final victory for Mr. Kunkle.
